A Technical Talk “Values & Ethics: Path To Career Growth In Civil Engineering”

A TECHNICAL TALK on 09th March 2021 between 2-3 PM for the benefit of I semester BE(Civil) Students was arranged on “Values & Ethics: Path to career growth in Civil Engineering”. The session was delivered by Mrs. Sapna Devendra, Regional Manager, South India and South Asia, Ambuja Cements Ltd. The talk stressed on the importance of Values and ethics to be a part of Civil Engineering Profession for becoming a successful professional. The talk stressed upon the importance of discipline, loyalty, timeliness, and professional ethics in order to be a successful engineer.

The session was quite interesting, and the discussions the students had with speaker was informative.
