

RNS INSTITUTE OF TECHNOLOGY

Department of Civil Engineering

Engineer's Day

As per the tradition followed by Department of civil engineering, RNSIT “Engineers day” was celebrated on 25th of September 2019 in remembrance of Birth Day celebration of Sir M Vishveshwaraya. The program was conducted in administrative block seminar hall with an expert talk from Sri. Sudarshan S Iyengar, Senior Director, STEDRANT TECHNOCLINIC Pvt. Ltd., Bengaluru on the topic “Case studies on Restoration of Bridges in Distress”.

The program started with an invocation by 5th semester students followed by welcome speech from Dr.MT Prathap Kumar, Head of the Department, Civil Engineering. Devine blessings followed with lighting of lamp. The gathering received presidential remarks from Dr. H N Shivashankar, Director, RNSIT followed by vote of thanks.

The session after tea break started with technical talk by Sri. Sudarshan S Iyengar, Senior Director, STEDRANT TECHNOCLINIC Pvt. Ltd., Bengaluru on the topic “Case studies on restoration of bridges in distress”. The Technical talk delivered included types of damages and distress undergone by bridges. Four case studies were presented with a detailed explanation of rehabilitation measures adopted. The talk was useful to the teaching and student fraternity with a good understanding of techniques of rehabilitation of distressed bridges.

The afternoon session was celebrated as fresher's day for 3rd semester students in presence of HOD & Staff members of civil engineering department. It included cultural and completion activities which was won by students and teaching faculty.
