PARENT PRACTOR MEET

Department of ISE has conducted the PTM on 22 – 07 – 2023 for the IV semester students' parents successfully. The program has started at 9.30 am and around 35+ parents were present for the event. They met the concerned mentors and had a detailed discussion on the performance of their wards. The class teachers also helped the mentors as joined the discussion.

The parents were requested to fill the feedback form. If the student's performance in attendance of in their internal test is poor, the parents are requested to sign an undertaking form along with their wards to assure the department that they know the current status of their ward and they are know the consequences of not maintaining the minimum attendance or internal marks.

Those parents were advised to take extra care of their wards. The department also assured them that serious steps will be taken to improve their wards performances.

A week before the PTM, Google form was created to take the concern of the parents who are all ready to attend the meeting. Around 50 parents responded through both Google forms or through phone.

Mentor coordinator Prof. Bhagavath Singh T S, and PTM coordinator Dr. S Sathish Kumar made necessary arrangements for smooth conduction of the event.

Simultaneously, the department has conducted PTM for II semester students also. It was the first PTM for the II semester students. The faculty members who are all handling first year classes were assigned as mentors for the benefit of our students. As per the Head of the Department guidance, the subject handling faculty members for II semester (the mentors) and the class teachers for those sections, met the parents and discussed their wards progress.

Once the meeting with the class teachers and the mentors were done for **IV semester**, the Head of the department, Dr. Suresh L has addressed the parents. The discussion was fruitful. The parents raised few concerns and the Head of the Department has assures them that those issued will be resolved soon. He also highlighted the activities of the department like Certificate Programs, Coding Events, Centre of Excellence, Internships, Placements, etc.

The list of concerns raised by the parents are:
- Remedies of the slow learners
- Strengthening / revision classes for slow learners
- Issues related to placements and internships
- Providing sufficient time for submitting the assignments
- Few subjects are tough for the students to follow in their regular classes
- Students are missing their classes on Saturdays. Arrange special classes / guest lectures / Technical events on that day.

The head of the department made an immediate all faculty meeting and discussed with the entire teaching faculty members on these issues. The department is ready with a course of action to address the issues.
