List of Activities Under the MOU with VI Solutions

1. The students from the Electronics & Communication Engineering of RNSIT are interned with VI Solutions starting from 2nd July to 27th July 2018 in LabVIEW. Total number of students attended are 99.
2. The students from the Electronics & Communication Engineering of RNSIT have attended STEP Program - Module 1 (LabVIEW) conducted by VI Solutions starting from 03rd Mar to 1st May 2019. Total number of students attended are 47.
3. The students from the Electronics & Communication Engineering of RNSIT are interned with VI Solutions starting from 4th July 2019 to 3rd August 2019 in LabVIEW. Total number of students attended are 101.
4. The students from the Electronics & Communication Engineering of RNSIT have attended STEP Program - Module 2 (LabVIEW) conducted by VI Solutions starting from 28th Sep to 9th Nov 2019. Total number of students attended are 15.
5. The students from the Electronics & Communication Engineering of RNSIT are interned with VI Solutions starting from 01st June to 26th 2020 in IoT and Machine Learning. Total number of students attended are 09.
6. The students from the Electronics & Communication Engineering of RNSIT are interned with VI Solutions starting from 31st Aug 2021 to 4th Oct 2021 in IoT and Machine Learning. Total number of students attended are 77.

List of Activities Under the MOU with Epitome circuits

1. The students from the Electronics & Communication Engineering of RNSIT are interned with Epitome circuits starting from 8nd July to 15th August 2021 in Analog VLSI design and Layout. Total number of students attended are 5.
2. The students from the Electronics & Communication Engineering of RNSIT have attended orientation program on June 28th in which the difference between core and software domain, frontend and back end role in VLSI was briefed. Total number of students attended are 60.
3. The students from the Electronics & Communication Engineering of RNSIT have attended 200 hours course on analog layout. The course was commenced from Febraury 2021 to December 2022. Total number of students attended are 60.
4. Written test was conducted by the students who were doing the course (3rd year) to 2nd year students.
5. Two days workshop was conducted from 21/05/22 to 22/05/22. Total number of students attended was 12.
6. The students from the Electronics & Communication Engineering of RNSIT are attending 200 hours VLSI course conducted by Epitome circuits starting from 3rd January 2022 . Total nuber of students attended are 23.
7. The students from the Electronics & Communication Engineering of RNSIT are interned with Epitome circuits starting from 01st June to 26th 2020 on layout optimization. Total number of students attended are 23.
8. In association with the Epitome circuit Intercollegiate VLSI project expo was conducted on June 18th 2022 where more than 70 projects were presented.
9. The students from the Electronics & Communication Engineering of RNSIT have attended orientation program on November 4th November 2022, in which the difference between core and software domain, frontend and back end role in VLSI was briefed. Total number of students attended are 60.
