POLICY TOWARDS GREEN CAMPUS

The institution located in the well demarcated locality of South Bangalore is already located amidst parks and greenery that is the road map of South Bangalore. Besides, the Management is of the firm belief that the campus should be aesthetic with greenery and abundant trees, plants and saplings to boost both the physical and the emotional health of the students and faculty members, office staff and all the users of the campus.

The following are the policy of the Institution towards maintaining the Green Campus:

1. Maintenance of already existing greenery.

2. Planting of saplings, plants periodically.

3. Consciously striving towards less use of Paper

4. Usage oof Single-use plastic to be banned within the campus

5. Digital library with facilities for e-learning

6. Cleanliness drive through the NSS wing.

7. Usage of LEDs in the campus.

8. Green audit to be conducted

9. Rainwater re-charging unit in the campus

10. To organize sanitization program towards maintenance of green campus.

The Principal ably supported by the Management, Faculty members, students and all the faculty members to strive towards the maintenance of Green Campus, thus contributing to a cleaner India and sensitizing the future generations about the same.

ENVIRONMENT AND ENERGY USAGE POLICY

The Institution is very proactive about saving the Environment and the energy consumed towards maintaining a sustainable environment not just for the present generation but for all the future inhabitants and to reduce carbon footprint. This Environment and Energy Usage Policy is binding to all the Faculty Members, Students and all Stake holders of the Institution. The institution strives consciously towards not just consumption but also saving the natural energy available.

Following is the Environment and Energy Usage Policy of the Institution:

1. To consciously access and reduce any damage done to the Environment while carrying out our daily activities.

2. To install Solar Panels to tap the natural solar energy and substitute it with the usage of Electricity wherever applicable.

3. To install energy saving LED bulbs to save electricity consumption.

4. To develop a waste management system through effective segregation.

5. To install rainwater re-charge unit.

6. To plant more saplings / trees and plants effectively through the dedicated units of NCC and NSS.

7. To provide information about the measures taken to reduce energy consumption and environment protection to all the students, faculty members and stake holders.

8. To offer opportunities to students and the faculty members towards protecting environment and energy saving activities.

9. To constantly upgrade and revisit the policies whenever necessary, on a periodical basis.

10. The Principal under the guidance of the Management and the stakeholders will review the policy periodically and communicate the same to the students, faculty members and the stakeholders.
