

RNS INSTITUTE OF TECHNOLOGY

DEPARTMENT OF INFORMATION SCIENCE AND ENGINEERING

FAREWELL - “ANUBANDHA”

Anubandha is the farewell program to final semester B.E students, who are our budding engineers. A formal event will be organized with the blessings of Dr. R N Shetty, founding Chairman. We delightfully welcome the young guests of the day by formal invitation from the department to the farewell day, which will be organized by the department every year during the month of May.

The event will be planned to make it most memorable by HOD and Staff. In This big day event, Junior students will arrange a series of cultural events to wish and their gratitude to the outgoing students in the most memorable joy able way.Faculties also organize a good number of entertaining events and activities to bring back fond memories, which bring the crowd joy and laughter. The students were then recognized and presented with certificates and medals for their achievements in various sports, cultural, technical, and academic fields.

The principal and department head address the students and express their best wishes for their future endeavors. Faculty greet and bless the students' future and appreciate their journey on the campus. The ceremony will be wrapped up by light snacks and heavy reminiscing about the students' wonderful experiences during their stay, as well as the golden recollections from their parting day.

HoD and Staff of Information Science and Engineering will be delighted to say their final goodbye to outgoing students of every academic year by capturing wonderful group pictures on the scenic campus. The sincere effort by Management, Principal, HoD, Faculty, and Junior students to make outgoing students happy, enjoyable and to make the event will be one to remember forever with loads of blessings.
